# Who is the QEC?

Established in 2010 by the Queensland Resources Council (QRC), the Queensland Exploration Council (QEC) is a not-for-profit membership group focused on investment attraction initiatives that showcase Queensland as a leading exploration investment destination.

## What is the Investment Showcase event?

This event provides an opportunity to either showcase or listen to exploration, METS or investment companies, with interests and operations in Queensland that are:

- Looking for private capital
- A private company looking to go public
- Publicly listed company seeking investors

You will hear from exploration company executives about their operations, past performance, exploration results, and what type of investment they are seeking.

After the presentations (two at each event) you will have an opportunity to share a drink and canapes with the speakers and ask any questions about what they are offering. This event is also a good opportunity to network with fellow investors, explorers and resource industry leaders.

### WHO SHOULD ATTEND

>>

- **Private investors**
- **Stockbrokers**
- **Companies that are looking for a partner**
